

...Growing Up **2** in Orkney...

Second annual conference for anyone working with children
and young people in Orkney.

Friday February 9th 2018 at Kirkwall Grammar School

Orkney's Children's Services Strategic Plan 2016-2020 sets out the ambition to ensure each child and young person gets **the right help, at the right time, in the right way.**

It has a clear focus on three main areas of partnership activity:

- **well-being:** working together to ensure that children and young people have the opportunity to experience activities that will help them to be... safe, healthy, achieving, nurtured, active, respected, responsible and included
- **relationships:** working together to ensure that there is a consistent approach to recognising that children are rich in potential, strong, powerful, and competent; realising that the best outcomes are achieved when we pay attention to relationships and 'how' we work together.
- **poverty and rural disadvantage:** working together to ensure that Orkney's potential (though connecting people, community, activity and services) is maximised to limit negative outcomes and ensure equality of opportunity for children and young people.

Building on the success of the 2017 conference, the 2018 event will create the opportunity to hear from some of Orkney's young people as well as local practitioners. It will include sessions on:

**Children's Rights & Well-being,
Cultivating the Relational Universe and
A Poverty Action Plan for Orkney**

...PLEASE KEEP THE DATE AND JOIN US...
