

Item: 10

Development and Infrastructure Committee: 30 March 2021.

Inter-Island Ferry Services – Proposed Winter 2021/22 Timetables.

Report by Executive Director of Development and Infrastructure.

1. Purpose of Report

To consider the proposed inter-island ferry services timetables for winter 2021/22.

2. Recommendations

The Committee is invited to note:

2.1.

That the inter-island ferry services timetables for winter 2021/22 are scheduled to operate from 27 September 2021 to 7 May 2022.

2.2.

That draft timetables in respect of ferry services to be operated by Orkney Ferries Limited during winter 2021/22 were presented to the Ferry Services Consultative Forum for consideration on 10 February 2021.

2.3.

That, on 17 March 2021, the proposed timetables, together with feedback from the Ferry Services Consultative Forum, were considered by the Board of Orkney Ferries Limited and recommended to the Council for implementation.

2.4.

That the proposed timetables, attached as Appendix 1 to this report, remain consistent with those operated in previous years.

2.5.

That, in advance of the Council's budget setting process for 2021/22 being concluded, any decision on the proposed Orkney Ferries winter timetable for 2021/22 will be subject to an adequate service revenue budget being established.

It is recommended:

2.6.

That, subject to an adequate service revenue budget being established, the timetables in respect of ferry services to be operated by Orkney Ferries Limited during winter 2021/22, attached as Appendix 1 to this report, be approved.

3. Background

3.1.

In accordance with the Service Level Agreements entered into by Orkney Ferries Limited and the Council, a recommendation from the Board of Orkney Ferries must be made via the Head of Marine Services and Transportation in order for the winter and summer timetable periods to be approved by this Committee.

3.2.

The six Outer North Isles Community Councils each appoint a Transport Representative to represent their respective communities on the Inter-Isles Ferry Service Consultative Forum.

4. Ferry Services Consultative Forum

4.1.

The draft timetables for winter 2021/22 were considered by the Ferry Services Consultative Forum on 10 February 2021.

4.2.

Following Community Council discussions, it was proposed that a review would be carried out and a revised South Isles timetable would be developed, rather than the existing timetable which has been in operation for a number of years. The purpose of the review is to consider whether the vessel could be berthed in Lyness rather than Longhope and how many hours would be available to enhance services as a result. The relevant Community Councils shall engage with Orkney Ferries regarding the possibility of a revised timetable for the South Isles following consultation with the community. In the meantime, the existing timetable for the Inner and South Isles is attached at Appendix 1 of this report and shall remain in operation unless Orkney Ferries Limited advise that an alternative timetable option is available during winter 2021/22.

4.3.

The fragility of the North Ronaldsay community and the importance of supplies was raised by the Transport Representative. As the ferry service only operates once per week during the winter months, any cancellation due to adverse weather can result in several weeks without key supplies such as heating oil and livestock feed. It was noted that this matter needs to be considered further by a resilience group as it is a much wider issue than transport.

4.4.

As the timetables have remained consistent over the past few years, the Community Council Transport Representatives had no further comments or requests to alter the proposed timetables for winter 2021/22.

4.5.

Additional funding from the Scottish Government was raised, and it was confirmed that Sunday services for all inner and south isles would be introduced during the winter 2021/22 timetables, subject to availability of crew. The timetables attached at Appendix 1 to this report shall therefore be subject to change following further consultation with the communities and Orkney Ferries. The revised Sunday services shall be considered by the Board of Orkney Ferries in due course and will be reported back to the Development and Infrastructure Committee for consideration.

4.6.

At the Forum meeting, it was noted that the previously approved summer 2021 timetables would be subject to change whilst the COVID-19 pandemic affected operations. It was therefore proposed to operate the winter+ timetable over the summer months, consistent with 2020. Whilst this arrangement is not ideal, it reduces the need for crew to stay on board the vessel and is therefore taking necessary steps to ensure a continued service to the community during this time. It was noted that, as the Local Authority area moves out of Tier 3 and Tier 2, the timetable would be reviewed by the Board of Orkney Ferries with a view to enhancing services to the normal summer timetable arrangements where possible.

5. Proposed Timetables

5.1.

The inter-island ferry services timetables for winter 2021/22 are scheduled to operate from 27 September 2021 to 7 May 2022.

5.2.

On 17 March 2021, the proposed timetables, together with feedback from the Ferry Services Consultative Forum, were considered by the Board of Orkney Ferries Limited and recommended to the Council for implementation.

5.3.

There were no proposed changes to the timetables outlined at Appendix 1 to this report.

6. Corporate Governance

This report relates to governance and procedural issues and therefore does not directly support and contribute to improved outcomes for communities as outlined in the Council Plan and the Local Outcomes Improvement Plan.

7. Financial Implications

7.1.

The timetables proposed in this report, and attached as Appendix 1, represent a continuation of the existing level of service provision.

7.2.

In advance of a service budget being established as part of the Council's annual budget setting process for financial year 2021/22, the level of ferry service provision for next financial year is subject to an adequate budget being made available for that purpose.

7.3.

The draft revenue budget for financial year 2021/22 is understood to be £12,612,500. After allowing for an inflationary uplift of approximately 2.0% or £197,300, the budget also reflects the specific grant funding from Scottish Government of £7,855,000, being an increase of £2,532,000 or 47.6%.

8. Legal Aspects

8.1.

Section 153 (2) of the Local Government (Scotland) Act 1973 empowers the Council to "acquire, provide, maintain, improve and operate any ferry situated wholly or partly within their area".

8.2.

Orkney Ferries Limited operates the ferry services on behalf of Orkney Islands Council under Service Level Agreements dated 30 May 2008.

8.3.

The Service Level Agreements state that the timetables for the winter period should be recommended by the Company to the Council's Development and Infrastructure Committee for approval.

8.4.

The Service Level Agreements state that Orkney Ferries Limited will operate the "Approved Services" and in return for funding from the Council. The definition of "Approved Services" covers inter-isles ferry services as approved by the Council.
