Education, Leisure and Housing Committee: 5 June 2024.

Performance Monitoring – Education, Leisure and Housing.

Report by Corporate Director for Education, Leisure and Housing.

1. Overview

- 1.1. The Council Plan 2023-28, approved in March 2023, reflects national priorities set by both the Scottish and UK Governments and the core services which the Council provides day to day, as well as taking account of new duties arising from recent legislation.
- 1.2. The Delivery Plan to support the Council Plan contains a number of priority actions listed to indicate the work which will be undertaken to achieve the identified outcomes.
- 1.3. The Council Plan 2023-28 noted that each directorate will have a delivery plan describing the priorities that they will deliver.
- 1.4. The Directorate Delivery Plan for Education, Leisure and Housing, will be presented to Committee at the September cycle but important to note that the Education, Leisure and Housing services have several, detailed, statutory plans and reports that must be submitted to external bodies for scrutiny and sign off on an annual basis.
- 1.5. In terms of the Council's Strategic Planning and Performance Framework, performance in respect of the Directorate Delivery Plan, performance indicators and complaints and compliments are reported to the relevant committee on a six-monthly basis, in June and November.
- 1.6. Annex 1 provides the six monthly updates in respect of the Education, Leisure and Housing performance indicators.
- 1.7. The Council's Risk Management Policy and Strategy requires that all directorates maintain a register of risks that are inherent in its activities and the services it provides.
- 1.8. The risk register in respect of Education, Leisure and Housing is attached to this report as Annex 2.

2. Recommendations

- 2.1. It is recommended that members of the Committee:
- i. Scrutinise the performance of Education, Leisure and Housing for the reporting period 1 October 2023 to 31 March 2024, in respect of performance indicators, as detailed in Annex 1 to this report.
 - ii. Scrutinise the complaints and compliments made to Education, Leisure and Housing in the 6-month period 1 October 2023 to 31 March 2024, and for the two preceding six-month periods, as detailed in section 5 of this report.
 - iii. Approve the Education, Leisure and Housing Risk Register, attached as Annex 2 to this report.

3. Directorate Performance Indicators

- 3.1. Directorate performance indicators provide the mechanism through which the performance of aspects of the services provided year on year are monitored. The monitoring report for Education, Leisure and Housing is attached as Annex 1.

4. Directorate Complaints and Compliments

- 4.1. Table 1 below sets out the complaints and compliments made to Education, Leisure and Housing in the 6-month period 1 October 2023 to 31 March 2024, and for the two preceding six-month periods.

Table 1.	Six months ending 31 March 2023.	Six months ending 30 September 2023.	Six months ending 31 March 2024.	Totals.
Complaints.	41.	36.	40.	117.
Compliments.	1.	23.	41.	65.

- 4.2. When considering the raw data within Table 1 above, it should be noted that the Council has adopted a policy of encouraging staff to record all complaints against the Council through the Complaints Handling Procedure. This includes complaints that are quickly and satisfactorily resolved by the frontline service, thereby enabling the Council to identify any trends that would help to improve the service. As a result, the number of complaints captured by the procedure may increase and that does not necessarily reflect an increase in the number of people contacting the service to express dissatisfaction with the Council.

5. Directorate Risk Register

- 5.1. Managers within Education, Leisure and Housing have recently carried out the annual review and update of the directorate Risk Register, along with the list of actions to mitigate these risks. The updated Risk Register is attached as Annex 2 to this report.

<p>BRAG status at 30 September 2023: RED.</p> <p>Out of the 235 absences, 134 are recorded as having management interventions. Directorate staff are monitoring this regularly and working with Human Resources. Service Managers then follow up with relevant line managers to ensure that interventions are being carried out and recorded as per policy.</p> <p>Although we have seen improvement in this area since the last reporting period, there are still a concerning number of staff members who have not received management intervention. <p>Impact of Council's strategic financial plan exacerbates the vulnerability.</p> <p>Some aspects of service provision are reliant on income through income generation, donation or sales which cannot be entirely guaranteed.</p> <p>The funding regime for housing development in Scotland leads to difficulties in making development achievable, given the range of pressures on a small Housing Revenue Account. This, in turn, is impacting on affordable housing provision.</p> <p>The further rollout of Universal credit and existing impact of original roll out (from September 2018) plus COVID-19 legacy has resulted in increased rent arrears.</p> <p>Reduction or loss of key services.</p>		<p>Reputational impact; Community impact; Impact on staff morale; Increase in difficulty with recruitment and retention; Potential staff losses either through ill health or choosing to leave the Council; Economic impact if people leave the islands; potential limitations on housing development (unless additional provider(s) can be sourced); Increased homelessness; Additional housing pressure; Sustainability threatened in fragile communities; Increased rents; Failure to meet EESSH2; Reduced staff wellbeing and increased staff illness; Potential impact on vulnerable groups within society.</p> <p>Increased requests for additional funding from third sector agencies who receive funding and who deliver vitally important services for us at a cost below that of internal delivery.</p> <p>Reduction in income due to cost of living crisis.</p>	<p>Working with alternative housing providers who may be prepared to build in Orkney.</p> <p>Reduction of service provision in some areas / loss of services to maintain core activities.</p> <p>Work with Scottish Government to ensure more efficient and effective ways of working through multi-year funding.</p> <p>Request island impact assessment to ensure island circumstances are considered in funding allocations.</p>
