

*Working together to make a real difference*

---

Agenda Item: 5.

Date of Meeting: 12 May 2020.

## Progress Report for IJB Members

<b>Title</b>	Progress Report		
<b>Purpose</b>	To provide Members with progress on ongoing areas		
<b>Service</b>	Integration Joint Board.		
<b>Author</b>	Sally Shaw.	<b>Date</b>	May 2020

### 1. Introduction

This is an update on areas not subject to reports at this Board. It details progress since the last meeting of the Integration Joint Board held on 9 April 2020.

### 2. Strategic Plan Priorities

#### Developing Hubs (and Localities)

No progress from last Board meeting.

#### Value and Support Unpaid Carers

A dementia strategy should have been presented to the Board on 9 April 2020 but that Board meeting was stripped down and was voting members only. There is a report to rescind delegated powers at this meeting and Board meetings will continue to take place as prior to the COVID 19 emergency pandemic measures, albeit virtually.

This strategy was being presented by Changing Lives Trust and Age Scotland. We will work with our colleagues to ensure this can be presented at the June Board meeting.

The partnership has worked closely with Crossroads and other colleagues to ensure that we can ensure that unpaid carers are appropriately supported in their role during the COVID 19 emergency. This has included the supply of appropriate PPE through the supplies that the partnership receives via NSS.

## **Mental Health**

Mental health services have continued through the emergency pandemic measures, albeit not face to face where at all possible.

Much work has been undertaken in respect of ensuring our staff and wider community know how to access support through these difficult and unprecedented times.

## **Support to Children and Young People**

There is a report on the inspection of services for children and young people in need of care and protection on today's agenda.

## **Improve Primary Care**

Maureen Firth to give verbal update.

## **3. Strategies and Plans Updates**

### **Strategic Commissioning Implementation Plan**

Work has commenced on drafting this Plan. It is proposed this will go to the IJB for approval in June 2020.

### **Workforce Plan**

Energies have been focussed on workforce planning during the COVID 19 emergency pandemic.

### **Joint Strategic Needs Assessment**

In 2016 the IJB approved a Joint Strategic Needs Assessment. Since then work has been done to develop a Children's Joint Strategic Needs Assessment and an Adult's Joint Strategic Needs Assessment. This work needs to be concluded to fully inform the Strategic Commissioning Implementation Plan.

## **4. Workstream Updates**

### **Programme Board Approach**

No board has met since that last IJB.

### **IJB Budget**

A report on finance is on the agenda today.

## **Review of Integration Scheme**

The HSCP Scotland has been advised by Scottish Government that the full review will not be expected in July 2020 due to the current emergency. A form of words to submit and to advise further work to be required has been given.

## **Carer Representative**

An advertising campaign will come to the IJB for approval in June 2020. The Chief Officer has approached Crossroads to see if there is a carer who would support the IJB until such time we can appoint formally.

## **Children and Young People Inspection**

On the Board's agenda today.
