Introduction by the Area Commander

Chief Inspector Alastair Garrow

I am pleased to present the Orkney Police and Fire Sub-Committee Scrutiny Report for the reporting period 01 April 2021 – 31 March 2022.

The interpretation of statistics from the reporting period and comparisons to the previous year can be difficult and one should be wary of drawing hasty conclusions. The full consequences of lockdown and the hidden harms many members of our communities experienced have yet to be fully realised.

That said, we have been active across all priority areas of our Policing Plan. We have maintained a proactive presence on Orkney roads, enforcing road traffic legislation, working with partners to improve road safety and investigating road traffic collisions. We have seen a reduction in Anti-Social Behaviour, disorder and violence along with many areas of acquisitive crime; however Fraud, particularly online has significantly increased.

I have to report reductions too in Domestic related crime, although Sexual Crime has increased as has Hate Crime. We have strong partnership relationships, structures and working arrangements for the protection of vulnerable people, which we will continue to develop. Our work tackling serious organised criminals has continued to be disruptive and also identifies vulnerable young people.

Partnership is also a key feature of our approach to countering terrorism, which continues with public sector, education and third sector partners and our communities.

The implementation of technology through mobile devices, crime and case management systems will continue to improve the efficiency and effectiveness of Policing in Orkney and the wider N Division area and will allow officers more time to actively patrol their communities.

This report highlights the positive work and the challenges faced by officers in Orkney.

Local Policing Priorities

The Local Policing Priorities for the N Division area are decided by data from our Strategic Assessment which details Threats and Risks, and also feedback from Local Authorities, Partners and residents in the Your Police survey.

ROAD SAFETY AND ROAD CRIME

Collaborate to reduce casualties and crime on our roads

ANTISOCIAL BEHAVIOUR, VIOLENCE AND DISORDER

PROTECTING VULNERABLE PEOPLE

Support people considered vulnerable through working with partners

SERIOUS ORGANISED CRIME

TERRORISM AND PUBLIC ORDER

Prevent, Pursue, Protect and Prepare through collaborative preparedness

Serious and Organised Crime

OFFICIAL

Detective Chief Inspector Mark Czerniakiewicz, N Division Criminal Investigation Department (CID) stated:

“There are no Serious Organised Crime offences recorded for Orkney Area Command in the reporting period. These are normally labelled in addition to the primary offence and will typically refer to somebody participating in, or directing an Organised Crime Group.

The offences normally perpetrated by SOCG’s in the Highland and Islands area are drug supply, SOC related violence, certain acquisitive crimes and human trafficking.

As can be seen the Group 1 crimes of violence show 6 crimes recorded for the year which is around half of the 3 and 5 year average. The 5 cases of drug supply is just below the 3 year average and just above the 5 year average. The 59 cases of drug possession is likewise either side of the 3 and 5 year averages.

At this time the crime levels and the known intelligence do not indicate a significant problem with Serious Organised Crime in Orkney. The area continues to have relatively low levels of serious crime”.

Counter Terrorism & Domestic Extremism

Police Constable Lisa Campbell, N Division’s Local Counter Terrorism Officer stated:

“As the Counter Terrorism Liaison Officer (CTLO) for N Division, I ensure areas have a Local Contest Liaison Officer who is kept up to date on latest developments in Contest.

I liaise with CT Intelligence, CT Security Advisors, the Prevent Delivery Unit as well as local Area Commanders to address any CT related matters in the area and provide support to the Area Command if required.

We are currently planning Operation Safe Steeple which is the multi-agency response to a Marauding Terrorist attack, 2 hours, 2 days and 2 weeks post incident. Representatives will be invited from Orkney Islands Council. This is set for the 21st of September 2022.

I am providing an up to date CT brief to newly elected members from the Western Isles on 11/05/2022 along with DI Alan Wilson, Contest Delivery Lead, North. This is available for all areas if required.

I can also provide presentations on Act now, Radicalisation awareness, threat overview and current trends. LCLO’s can also assist with this within schools etc.

I am currently working with Border Policing Command to look at further training to assist in the rural areas with any Operation Kraken (maritime) enquiries for LCLO’s”.

Road Safety and Road Crime

Intention - With Partners, enhance Road Safety across Orkney.

Objective – With Partners, deliver a Road Safety Strategy focusing on: Challenging driver behaviour; Education at the road side and elsewhere; Detection of offences linked to contributing factors of Fatal and Serious Road Traffic Collisions and collectively reducing potential harm.

	5 Year Average	3 Year Average	YTD 2020/2021	YTD 2021/2022	YTD Variation
Number of Fatalities - Road Traffic Collisions	2.2	2.7	1	5	4
Drink/Drug Driving Offences	23.2	22.7	11	26	15
Speeding Offences	62.0	84.0	72	66	-6

2020/2021 Drink/Drug Driving Offences -

Operation CEDAR - (Challenge, Educate, Detect and Reduce) builds on established practices and will continue to focus on various agencies working in partnership to reduce the number of people killed and seriously injured in Orkney.

Operation CEDAR involves proactive multi-agency enforcement operations on the roads, which sits alongside education activity aimed at improving driver behaviour of all ages. Partner agencies continue to work together to improve understanding of the factors which could contribute to improving road safety for everyone on the roads and together respond to these issues.

Operation Close Pass – Cyclists are welcome visitors to Orkney. They contribute to the local economy and in addition, urban cycling, whether for leisure or commuting is becoming increasingly popular throughout the N Division area. Operation Close Pass encourages motorists to give consideration to cyclists when passing and respect their status as vulnerable road users.

Anti-Social Behaviour, Disorder and Violence (including Alcohol and Drug misuse)

Intention – With Partners, better understand the causes to prevent and reduce instances of Anti-Social Behaviour, Disorder and Violence to enhance community safety across Orkney.

Objective – Work with Partners to share information, support Education, Prevention, Diversionary and Enforcement Measures linked to harmful alcohol consumption; maintain robust procedures around licensed premises; support victims of violent crime by working with partners to improve service provision and prevent repeat victimisation.

	5 Year Average	3 Year Average	YTD 2020/2021	YTD 2021/2022	YTD Variation	Detection Rate
Assault	100.4	89.7	88	66	-22	85.0%
Serious Assault	5.8	4.3	2	2	0	100.0%
Drug (Possession) Offences	54.0	64.3	59	24	-35	100.0%
Drug Deaths	1.2	1.3	2	1	-1	N/A

Drugs Deaths – The decrease in Drug Related Deaths within Orkney is positive. However, there has been increased Drugs Related Deaths reported across Scotland. N Division continues to work with Partner Agencies in order to support individuals who find themselves involved with alcohol and controlled substance misuse.

Stop and Search -

Positive Stop Search - A positive stop and search is when an item is recovered where possession of same implies criminality on the part of the individual being searched or any other; or potentially compromises the safety of that individual or another.

No Knives, Better Lives - No Knives, Better Lives (NKBL) is a national capacity-building programme that supports primary prevention work related to knife carrying in Scotland. In 2009, the NKBL National Delivery Team at YouthLink Scotland and the Scottish Government began supporting partners in 11 selected Local Authority areas to implement NKBL. The approach to prevention is informed by the principles and values of youth work and a public health approach to violence prevention. The focus is not just on what it is we do not want young people to do and how to stop them doing it, but also what we want young people to be able to do, how we support them to understand and navigate risk and to make positive life choices.

Arrangements are being made Police Scotland's Prevention and Intervention Officers to support this initiative in Orkney.

Acquisitive Crime

Intention – With Partners and Communities, prevent instances of acquisitive crime across Orkney.

Objective – With Partners, share information, support education, prevention, diversionary and enforcement activity linked to acquisitive crime; develop work with targets – recidivist offenders to reduce reoffending linked to acquisitive crime e.g. Persistent Offenders programme; enhance the use of all media platforms to raise awareness of local and national preventative initiatives.

	5 Year Average	3 Year Average	YTD 2020/2021	YTD 2021/2022	YTD Variation	Detection Rate
Housebreaking (Dwelling House)	38.0	2.3	0	3	3	66.0%
Fraud	9.6	12.3	12	21	9	19.0%
Theft by Shoplifting	18.0	21.3	11	12	1	91.6%
Motor Vehicle Crime	12.2	9.0	8	7	-1	28.6%

Fraud – The increase in Fraud related crimes has not only been experienced by members of the public residing within Orkney, but across the wider N Division area, Scotland and the United Kingdom.

Fraud –

Banking Protocol

Following a number of incidents across the N Division area in respect of Frauds and Banking Protocol, work has been ongoing with various Banks within N Division with a view to setting up learning sessions between staff members to talk through Banking Protocol. This has allowed for a better understanding of the Police response, management of vulnerabilities and referrals/support available to victims.

This has and will continue to allow Bank staff to be aware as to the point in they feel that they can/should intervene.

Parcel Scam Fraud

General awareness messaging around parcel/delivery company scams has been circulated electronically to all housing providers across the N Division area and to the University of the Highlands and Islands for sharing with their staff, clients and students.

This Police Scotland leaflet provides information in relation to phishing emails, purportedly from well-known delivery companies, which claim that they have been unable to deliver parcels, packages or large letters, asking the recipient to pay a fee or provide additional details in order to rearrange the delivery. In addition, this leaflet advises the public to be aware of an increased risk of scam phone calls and text messages impersonating delivery companies, as well as fake delivery notices posted through

OFFICIAL

letterboxes. In view of the number of on-line purchases that have been and will continue to be made following COVID-19 lockdown restrictions, this safety messaging is deemed to be very relevant.

Preventative advice and information is also included in relation to Online Frauds, Phone Scams, Postal Scams and Identity Theft in the Orkney Scam Action Group leaflet which can be accessed at – **OSAG LEAFLET.pdf (rewdt.org)**

A GUIDE TO KEEPING SAFE TOGETHER IN YOUR COMMUNITY

A guide containing safety advice covering; Fraud, Home Security/Pedal Cycle Security, Hate Crime and Cuckooing and County Lines was compiled and previously distributed across the N Division area via local newspapers. A total of 42,000 households across the N Division area received the guide with additional copies distributed to Garden Centres in order to reach households who may not necessarily have access to Social Media.

Additional copies are due to be distributed to various public area spaces across Orkney.

Rural Watch - Orkney is renowned for great natural beauty and the rural communities are safe places in which to live, work and visit. However, the nature of the environment and way of life means there are some crime prevention tips particularly relevant to rural life. Watch Schemes work well as a crime prevention and detection tool but are also extremely valuable in terms of enabling Orkney communities to share information, allowing agencies to send out relevant crime alerts, and empower local communities to be more resilient.

Protecting Vulnerable People

Intention – Protect people at risk of harm.

Objective – With Partners we will focus on safeguarding communities; with Partners we will address emerging issues through Prevention and Intervention.

	5 Year Average	3 Year Average	YTD 2020/2021	YTD 2021/2022	YTD Variation	Detection Rate
Sexual Crime	43.2	48.7	46	61	15	93.0%

Hate Crime	3.0	2.3	3	4	1	75.0%
Missing Persons*	See below	43	22	29	7	N/A

Domestic Crime – The decrease in Domestic related crimes within Orkney is noted. N Division continues to work with Partner Agencies in order to support victims of such crimes.

* (Figures for Orkney Area Command - Due to system configurations these figures are not available at multi-member ward level. Due to the implementation of the National Missing Persons Application in 2019, the 5 Year Average is not available).

Domestic Crime within Orkney Area Command –

Hate Crime within Orkney Area Command –

Hate Crime –

Hate Crime incidents are reviewed on a daily basis by officers within N Division’s Partnerships Department with the victim being contacted and provided with contact details for Partner Agencies such as Victim Support Scotland. Every victim of a Hate Crime is sent a Satisfaction Survey as to how they felt they were supported by N Division.

Hate Crime inputs have been delivered by Prevention and Interventions officers to all year groups at Kirkwall Grammar School and Stromness Academy.

Missing Persons –

Police Scotland takes every report of a missing person seriously and investigates appropriately with access to local, regional and national specialist resources. Missing persons investigations are a core part of local Policing and it is local officers who undertake all investigations, supported by specialist colleagues where necessary. Further, each Division including, N Division has a dedicated Missing Person Co-ordinator who advises on operational and preventative approaches.

Missing Person Category	2020/2021	2021/2022	Variation
Adult	7	19	12
Cared for Adult	2	2	-
Looked After Child	7	3	-4
Child	5	5	-
Absconder/Wanted	1	0	-1
Total	22	29	-7

Each Area Command has appointed a local Police liaison officer who maintains contact and liaison with the residential units in their respective area. This role has developed and regular contact has built a good relationship with residential unit(s). Where required, this officer also works in conjunction with the Missing Person Co-ordinator who similarly enjoys a good working relationship with residential units.

Vulnerable Persons –

Police Scotland utilises the Vulnerable Persons Database (VPD) to record information where Police officers have cause for concerns following interactions with members of the public. The VPD system

allows relevant information to be shared with Partner Agencies. The following table illustrates the number of VPD submissions submitted by Police officers within the Orkney Area Command for the reporting period.

Serious and Organised Crime

Intention – With Partners, reduce the threat, risk and harm caused by Serious Organised Crime.

Objective – With Partners work to safeguard the Orkney area by taking all opportunities to prevent crime and make the Orkney area a hostile environment for Serious & Organised Crime Groups; to improve outcomes for individuals and communities and reduce offending through prevention, early intervention and diversion; in support of our Partners in the Local Authority and NHS via the Alcohol and Drug Partnership Strategy we will direct those who are substance dependant towards recovery through prevention, treatment and support services; with Partners work to reduce the instances of substance misuse in our communities.

	5 Year Average	3 Year Average	YTD 2020/2021	YTD 2021/2022	YTD Variation	Detection Rate
Drug (Supply) Offences	4.8	6.0	5	6	1	83.3%

Detective Chief Inspector Mark Czerniakiewicz, N Division Criminal Investigation Department (CID) stated:

Counter Terrorism

Intention – Support the delivery of the CONTEST strategy to reduce the threat posed by terrorism and domestic extremism.

Objective – Strengthen PREVENT work with Partners and institutions; with Partners, support individuals who are vulnerable to terrorism and violent extremism; strengthen PREVENT work in relation to the internet and Social Media; Effective Multi-agency planning in respect of Counter Terrorism is taking place; Develop our ability to respond effectively to any terrorist attack (with a specific focus on emerging high-risk threats, and specialist capabilities).

WRAP (Workshop to Raise Awareness of Prevent) - The workshop covers issues such as crime, normal social processes that are used to influence and manipulate, case studies that cut across the spectrum of extremism, terrorist ideologies and factors which may contribute to an individual's susceptibility to a terrorist ideology.

In particular, it seeks to support them to recognise that using their existing expertise and professional judgement, they may be able to recognise potentially vulnerable individuals who may be susceptible to being persuaded by an extremist or terrorist ideology. Workshops delivered to partners across Orkney.

ACT Now delivered to schools across Orkney.

Police Constable Lisa Campbell, N Division's Local Counter Terrorism Officer stated:

“As the Counter Terrorism Liaison Officer (CTLO) for N Division, I ensure areas have a Local Contest Liaison Officer who is kept up to date on latest developments in Contest.
