# 3. Background

#### 3.1.

On 7 March 2023, the Council set its overall revenue budget for financial year 2023/24. On 20 June 2023, the Policy and Resources Committee recommended approval of the detailed revenue budgets for 2023/24, which form the basis of the individual revenue expenditure monitoring reports.

#### 3.2.

Individual revenue expenditure monitoring reports are circulated every month to inform elected members of the up-to-date financial position. Quarterly revenue expenditure monitoring reports are presented to individual service committees.

#### 3.3.

In terms of revenue spending, at an individual cost centre level, budget holders are required to provide an explanation of the causes of each material variance and to identify appropriate corrective actions to remedy the situation.

#### 3.4.

Material variances are identified automatically as Priority Actions within individual budget cost centres according to the following criteria:

- Variance of £10,000 and more than 110% or less than 90% of anticipated position (1B).
- Not more than 110% or less than 90% of anticipated position but variance greater than £50,000 (1C).

#### 3.5.

Priority Actions can be identified at the Service Function level according to the same criteria and these are shown in the Revenue Expenditure Statements. As with individual cost centre variances, each of these Priority Actions requires an explanation and corrective action to be identified and these are shown in the Budget Action Plan.

#### 3.6.

The details have been provided following consultation with the relevant Corporate Directors and their staff.

#### 3.7.

The figures quoted within the Budget Action Plan by way of the underspend and overspend position will always relate to the position within the current month.

# 4. Financial Summary

### 4.1.

The financial summary for the period 1 April to 30 September 2023 is attached as Annex 1 to this report.

#### 4.2.

The detail by Service Area statement is attached as Annex 2 to this report.

#### 4.3.

The Budget Action Plan, attached as Annex 3 to this report, provides an explanation and proposed corrective action for each of the Priority Actions identified.
